

**Anton Oilfield Services Group Won Investor Relations Awards from
“IR Magazine”**

(Hong Kong, 02 December 2018) **Anton Oilfield Services Group (“Anton Oilfield” or the “Group”;** SEHK stock code: 3337), a leading independent oilfield technical service provider in China, is pleased to announce that the Group won the investor relations awards from “IR Magazine”, including corporate award nominations - the “Best in sector: Energy” and the “Best overall investor relations (small to mid-cap)”, and an individual prize of the “Best investor relations officer (small to mid-cap)” awarded to Ms. Cheng Lei, Vice President of the Group’s Capital Market.

“IR Magazine” has a history of 30 years since its establishment in London in 1988. It is the only global publication focusing on the relationship between enterprises and investors, covering the global capital market and its awards are presented annually to listed companies and individuals around the world for their achievements in investor relations. This IR Magazine Forum & Awards is one of the most high-profile annual events in the Asian capital market’s investor relations community. The relevant award categories are awarded through an open and transparent process after independent research and analysis by the magazine, instead of submission of applications and nominations by companies. Every year, the magazine conducts online surveys and one-to-one interviews with buy-side funds and investors, and sell-side investment banks and analysts in capital market to solicit their opinions on listed companies and their leaders from April to July. The magazine makes nominations based on the number of votes it receives from September to October. Winners are selected from short list and announced live on stage at the awards ceremony after a final vote in November. The whole process is fair and equitable, thus IR Magazine's awards are highly authoritative and recognized by the capital market.

At this forum & awards, participants in investor relations community from mainland China,

Hong Kong and Taiwan gathered together to exchange excellent experiences, discuss current trends of investor relations work and anticipate future ones. Amidst the fierce competition from numerous excellent companies in Greater China Region, it is extremely valuable and not easy for the Group to win two corporate award nominations and one individual award. It is especially worth mentioning that the Group is the only small to mid-cap independent company in the list of enterprises being nominated as the “Best in sector: Energy”, all other 5 companies nominated are large state-owned enterprises in mainland China or the world top 500 enterprises, including PetroChina, Sinopec, CNOOC, COSL and Formosa Petrochemical in Taiwan. This demonstrates that the Group has been recognized by investors as one of the most outstanding energy companies.

Ms. Cheng Lei, Vice President of the Capital Market of the Group, won the “best investor relations officer (small to mid-cap)” award. At the ceremony, Cheng Lei said, “I feel greatly honored to be invited to participate in this great event and I’m really happy to win this award. I will continue to forge ahead and learn from investor relations experts seating here. I would also like to express my thanks to capital market for recognition on us on behalf of Anton. In the future, we will continue to provide the best investor relations services to all our capital markets friends”.

(Ms. Cheng Lei, Vice President of the Capital Market of Anton, won the award of “best investor relations officer (small to mid-cap) ”)
